Humboldt IPA

UTILIZATION MANAGEMENT POLICY

2016 Utilization Management (UM) Policy

Reporting Structure and Content
The Medical Director is involved with key aspects of the Utilization Management (UM) Program, such as setting policies, reviewing cases, participating on all UM committees and supervising the UM Program. The Medical Director and other IPA staff are responsible for implementation of the UM program. The Quality Management Administrative Committee (QMAC) oversees the UM program (see Section II. Quality Management, C. Governing Body and Content). A QMAC physician member may act as an alternate Medical Director in the event of the Medical Director’s absence. All physicians involved in the UM program must possess an unrestricted California medical license.

The Medical Management Committee (MMC) develops the annual Utilization Management Program (UMP) goals and presents the UMP to the QMAC for review, revision, and final approval. The annual UMP is developed using Industry Collaborative Effort (ICE) format. The QMAC reviews all recommendations and revisions before submitting the UMP to the Board of Directors. The Board of Directors of the IPA conducts an annual review of the IPA’s UMP periodically and as needed.

Utilization Review Clinical Criteria and Decision Making
The IPA adheres to State of California, National Committee for Quality Assurance (NCQA) and/or health plan mandated criteria for consistency of reviewing utilization. The IPA’s Approved Resources (see Appendix C) are objective and based on sound medical evidence. Additions to the Approved Resources are reviewed and approved by QMAC as needed. Appropriate, actively practicing medical and behavioral health practitioners are involved in the development and adoption of standardized clinical criteria.

The IPA’s prior authorization requirements are based on the following general principles:
- Patient care should be coordinated by their primary care practitioner (PCP) including any coordination needed during an inpatient stay with the attending physician when specialist consultations and services are needed.
- Referrals for specialty services should be documented in the patient’s medical record.
- All pertinent medical records or test results should be forwarded to the specialist.
- Consultation services ordered from a PCP to local IPA member specialists do not require prior authorization.
- Services received by HMO plan members from non-contracted providers are not covered unless pre-authorized as medically necessary from that non-contracted provider.
- Prior authorization is required for services which are only covered when the health plan’s medical necessity criteria are met.
- Prior authorization is required for all elective inpatient stays but, once admitted, the services provided during the hospital stay are affected only by claims review.
- Prior authorization is not required for services provided in a medically emergent situation.
- When a PPO plan member accesses services from out of network providers without prior authorization, the services are covered at a reduced rate based on their plan coverage.

All information and rationale used during the utilization review process is disclosed upon written request to the IPA from a practitioner, member, or the public. The IPA may charge a fee to cover the
copying and postage expenses associated with the request for information. Disclosure notice sent with criteria or guidelines requested by members and the public include the following statement: “The materials provided to you are guidelines issued by the IPA to authorize, modify or deny care for persons with similar illness or conditions. Specific care and treatment may vary depending on individual need and the benefits covered under the member's contract.”

The IPA’s UM responsibilities are allocated among staff based on the type of service being reviewed. The IPA’s Medical Management Department staff is delegated to approve some service requests for approval following specific IPA policies. Clinically competent licensed California IPA physicians review/issue all denials and modifications of services based on medical necessity. "Medically necessary" services and procedures are those services that are "clinically appropriate and in accordance with generally accepted standards of medical practice." Such services shall not be primarily for the convenience of the patient or health care provider and shall not be more costly than an alternative service that is likely to produce equivalent therapeutic or diagnostic results. The use of out of network providers is considered medically necessary only for out of area emergencies OR when a qualified provider is not available in network. When a requested service is reviewed for potential denial for lack of medical necessity without a previously approved guideline, the Medical Director will initiate a clinical consult with a physician knowledgeable in the requested service for input. This consult is documented and included in the authorization documentation.

Reviewers must consider at least the following factors when applying criteria to a given individual:

- Age
- Progress of Treatment
- Member desires
- Co-morbidities
- Psychosocial situation
- Ethnic and Cultural beliefs and practices
- Complications
- Home environment
- Other as appropriate

Reviewers refer to the Approved Resources (Appendix C) and apply all the relevant criteria within the context of the local delivery system in making their decision. Reviewers also consult with appropriate board certified specialty providers as needed. (Note: To provide this resource, all IPA member physicians make themselves available for telephone consultations with the IPA.) In compliance with Department of Labor (ERISA) regulations, the identity of experts whose advice was obtained in connection with an adverse determination is made available upon member’s request (this must be done without regard to whether the advice was relied upon to make the determination).

The rationale for all authorization decisions, whether approved, denied or modified, is noted in the electronic authorization by the reviewer(s) to ensure that subsequent reviewers will be able to clearly understand the decision made. All documentation regarding the rational for the authorization decision includes the identifying information of the reviewer(s). When making a determination based on medical necessity, IPA staff obtains relevant clinical information and consults with the treating physician or clinician expert as necessary.

When the reviewer determines that an alternate treatment plan is more appropriate, the authorization request is denied with information recommending the alternate treatment plan. When a request for services by an out-of-plan provider is denied, the denial letter includes options for in-plan providers. When the reviewer is considering denial of concurrent inpatient care, the care will not be discontinued until the member’s treating provider is contacted about the pending decision and the treating provider has agreed to a care plan. All denials are documented electronically as denied by a licensed California IPA physician as evident by their electronic identifier.
Utilization Management Policies and Procedures

Authorization Process
The IPA’s customer service staff is available from 8:00 am to 4:30 pm on business days to answer questions from providers and members. Each day the IPA posts the status of all authorization requests received within the past 90 days on its web site at www.humboldtipa.com. Providers interested in viewing authorizations, claims and PPO plan member eligibility can contact customer service for more information.

Providers and members are responsible for ensuring that prior authorization is obtained for services according to the requirements of the member’s health plan. The IPA will deny payment for any services requiring authorization that are rendered without prior authorization. All services, whether pre-authorized or not, are subject to post-service claims review for appropriate coding and documentation.

Local in-plan providers may directly refer to local in-plan specialists without prior authorization. Specifically, they may refer directly to: Allergy and Immunology, Anesthesiology, Blood Banking and Transfusion Medicine, Cardiology, Dermatology, Ear/Nose/Throat, Endocrinology, Gastroenterology, General Surgery, Gynecology, Head & Neck Surgery, Hematology, Hepatology, Hospice, Infectious Disease, Internal Medicine, Nephrology, Neurology, Neurosurgery, OB/GYN, Occupational & Environmental Medicine, Oncology, Ophthalmology, Orthopedic Surgery, Pain Management, Palliative Medicine, Pediatrics, Plastic Surgery, Podiatry, Psychiatry, Pulmonary Disease, Radiation Oncology, Reproductive Endocrinology/Infertility, Rheumatology, Routine Laboratory, Routine X-ray, Sleep Medicine, Thoracic Surgery, Urology and Vascular Surgery. Specialists must indicate the referring provider on the claim form.

All members have direct access to OB/GYN services without any requirement for authorization.

All local in-plan providers may request prior authorization. Authorization requests received from non-contracted advanced practice clinicians working under a contracted physician will be accepted under the contracted supervising physician’s name only. Authorization requests received from all other non-contracted providers will be returned.

Services Requiring Prior Authorization are described generally in Appendix A and more specific information is available on the IPA’s website at www.humboldtipa.com. Emergent and urgent services that require prior authorization should be requested but not at the expense of delaying such treatment pending authorization. When one service being provided in a visit requires authorization, then all services for that visit will require authorization.

Prior authorization is designed to promote the medical necessity of service, to prevent unanticipated denials of coverage and to ensure that participating providers/practitioners are utilized and that all services are provided at the appropriate level of care for the member’s needs. The following statements guide the authorization process:

- Medically necessary services and procedures are those services that are “clinically appropriate and in accordance with generally accepted standards of medical practice”;
- Such services shall not be primarily for the convenience of the patient or health care provider; and
- Not be more costly than an alternative service that is likely to produce equivalent therapeutic or diagnostic results.
All medical management decisions are evidenced-based using “Approved Resources.” Each month, the MMC reviews the new and revised policies of Anthem Blue Cross and Blue Shield of California HMO plans. The MMC will adopt and implement changes to said policies. The information resources for decision-making of the Medical Management staff include:

- Medical Policies from Anthem and Blue Shield
- Clinical Guidelines adopted for the state of California by the HMO health plans
- Imaging guidelines published by National Imaging Associates, Inc. (NIA) (Blue Shield and self-funded plans) and American Imaging Management (AIM) (Anthem Blue Cross)
- IPA policies
- MCG (formerly known as Milliman Care Guidelines)
- Evidence based clinical literature
- Member plan benefit statements
- Clinical consultation with appropriate physicians

Approved authorizations are effective on the Authorization Action date and expire in three (3) months. Effective dates for retroactive authorization requests will be determined at the time of review (see Retroactive authorization requests below). If requested in advance of the expiration date, extensions may be granted by the IPA’s UM staff.

Secondary Insurance Authorizations are not required by the IPA except when:
- The requested service is not a covered benefit under the primary insurance, and/or
- The benefits for the requested service have been exhausted under the primary insurance. In this case, evidence of the exhaustion of benefits will be required.
- The IPA will not authorize services denied as not medically necessary by the primary insurance.

Authorizations may be submitted by IPA member physicians (MD and DO), podiatrists, advanced practice clinicians and optometrists. Requests submitted by specialists must be related to the problem/condition they are managing.

Authorization Request Forms
All authorizations must include medical information necessary to establish the medical necessity of the requested services in order to be considered for approval. Authorizations may be submitted on paper.

Paper based authorization requests are available on the IPA’s website at www.humboldtipa.com, by mail, upon request or see Appendix D. The completed form can be faxed to (707) 442-2047 or mailed to the IPA at 2662 Harris Street, Eureka, CA 95503.

Necessary Information Required:
- Patient Information
  - First and Last Name
  - Date of birth
  - Member health plan and ID number
- Requesting Provider
- Date of Request (the date you are submitting the authorization request)
- Proposed Provider / Facility
- Diagnosis = ICD-10
- Requested Service
  - CPT codes and
  - Quantity
- Type of request
• Urgent
• Routine
• Retroactive
• Outpatient
• Inpatient

• **Incomplete Authorization Request forms** – Requests that do not adequately identify the member or provider will be returned within one business day of receipt. The specific information missing is indicated on the *Notification of Incomplete Authorization Request* form, which is faxed with the returned incomplete request form. Additional information requested will only be that which is reasonably necessary to make a decision per CA Health & Safety Code 1367.01(g)

• **Multiple service locations** - Complete a separate Authorization Request Form for each location of service.

• **Multiple providers in a group** - The requested provider must be indicated on the Authorization Request Form but the authorized service(s) may be provided by any provider within the group’s tax identification number.

• **Prescription injectable/Infusion Drugs** – The requesting provider must submit a completed Prescription Drug Prior Authorization Request Form (Form No 61-211) per California State law (SB 866) for all medications requiring prior authorization. Injectable drug requests are not approved if a form other than Prescription Drug Prior Authorization Request For is used. Notification of authorization, denial, or denial for additional information will be communicated to the requesting provider within 2 business days of receipt of request. If a denial notice is not sent within the required 2 business days, the request will be deemed approved.

• **Professional and Technical components** - Authorization for the technical or professional component of a procedure includes authorization for the technical and professional components of the procedure.

• **Surgical Assists** – Requests for Surgical Assists must be included with the surgical request. Surgical assistants will be approved when medically indicated. MCG 17th Edition, Surgical Assistants will be utilized to determining if an assistant is medically indicated. The guidelines were developed with reference to the most recent (2011) American College of Surgeons study "Physicians as Assistants at Surgery". MCG, 17th Edition Assistants at Surgery will also be utilized for claims processing.

• **Second opinion** requests with a non-contracted provider for HMO members are referred to the health plan for authorization and referral processing. IPA staff process second opinion requests for PPO health plans (see also separate IPA Access Policy and Procedure.)

• **Experimental or Investigational** treatment requests for HMO plan members are referred immediately to the health plan for authorization and referral processing. The IPA has adopted HMO Experimental and Investigational treatment guidelines for all health plans it administers. Also see separate IPA policy, Investigational & Experimental Service Requests – HMO Health Plans ONLY

• **Organ Transplant/Pre-Transplant Review** requests for HMO plan members are referred immediately to the health plan for authorization and referral processing. Customer Service staff will notify the appropriate HMO health plan and will not be processed by the IPA. PPO plan member’s authorizations requests requiring authorization are processed by the IPA.

• **Unlisted Codes** - Unlisted codes will not be authorized. If necessary, request authorization for the service most similar to the one being performed and submit documentation with the claim for post-service review.

---

Retroactive authorization requests are not generally approved by the IPA. Retroactive authorization requests must be received within 90 days of the date of service to be considered for approval. Claims for services billed with an approved retroactive authorization must be submitted within 30 days of the date of the retroactive approval or they will be denied for claim timeliness.
Retroactive authorizations for the following services when they are deemed medically necessary per documentation received will be approved for payment:

- Emergent or urgent services
- Durable Medical Equipment ordered by an in-plan provider and dispensed by a non-contracted vendor (see separate policy on Durable Medical Equipment)
- CT provided during the course of radiotherapy treatment.
- “First Contact” services when the requesting provider presents documentation showing that the member provided them with incorrect insurance information prior to the service being performed.
- Services provided when the IPA-administered plan is secondary to other coverage (no prior authorization is needed for services other than rehabilitative therapies).

Retroactive Authorizations will be considered for possible approval for the following services when they are deemed medically necessary:

- Procedures provided as a result of a decision made during an office visit when the procedure was carried out at the visit;
- Services requested within two (2) business days of receipt of the authorization request;
- Out of area services that were not pre-authorized;
- Other exceptions presented to the Medical Management Committee for review.

Retroactively Approved, Non-urgent Services

Claims for services that are authorized retroactively for medically necessary services that could have been authorized prior to the date service will be allowed at 50% of the regular rate.

The Humboldt IPA conforms to Title 28, California Code of Regulations, 1300.71.4, Emergency Medical Condition and Post-Stabilization Responsibilities for Medically Necessary Health Care Services:

- Emergency Services are covered for screening, stabilization and post-stabilization of the member without prior approval at contracted and non-contracted facilities where a prudent layperson, acting reasonably, would have believed that an emergency medical condition existed.

  A prudent layperson is a person who is without medical training and who draws on his or her practical experience when making a decision regarding the need to seek emergency medical treatment.

  A prudent layperson is considered to have acted “reasonably” if other similarly situated laypersons would have believed, on the basis of observation of the medical symptoms, that emergency medical treatment was necessary. Severe pain and other symptoms may constitute such emergency cases.

  Requests cannot be denied for failure to obtain a prior approval when approval would be impossible or where a prior approval process could seriously jeopardize the life or health of the claimant (e.g., the member is unconscious and in need of immediate care at the time medical treatment is required).

- Emergency Services are authorized/approved without review of medical necessity. Post-stabilization medical care requests are deemed to be authorized for contracted and non-contracted facilities. Post emergency services are also authorized based on the treating practitioner’s determination of medical necessity for continued care.
Member eligibility is verified by the IPA prior to processing authorization requests and must be verified by the provider at the time of service. If the member is not eligible on the date of service, the member is financially responsible for the cost of those services.

Timeliness of the IPA’s UM decisions is based on ICE standards, which applies turnaround times based on medical necessity (see Appendix B: IPA Utilization Management Timeliness Guidelines). Urgent care services are assigned priority status and routine requests are processed within five (5) days, unless additional information is necessary to process the request.

**TAT:** Turn Around Time is mandated by Department of Managed Health Care (DMHC), Patient Protection and Affordable Care Act (PPACA) and ICE; with very specific guidelines that the IPA must adhere to.

**Routine Request/Non-urgent:** All necessary information received at the time of the request; decision to be made in a timely fashion appropriate to the member’s condition not to exceed five (5) business days of receipt of the request.

**Routine Request/Non-urgent – Extension Needed:** Additional clinical information required; see Pended Authorization Request information below.

**Urgent Request:** PPACA identifies urgent treatment as *treatment that is necessary to prevent jeopardizing a patient’s life or treatment necessary to alleviate severe pain that cannot be adequately managed without the requested treatment,* in the opinion of a physician with knowledge of the member’s medical condition.

**Urgent Request:** All necessary information received at the time of the request; decision to be made in a timely fashion appropriate to the member’s condition not to exceed 72 hours after receipt of the request.

**Urgent Request – Extension Needed:** Additional clinical information required; see Pended Authorization Request information below.

**Pended Authorization Request:** Authorization request has been received and is insufficient to render a determination. Authorizations may be pended for:
- Additional clinical information was requested but has not been received
- Consultation with an expert reviewer is required and/or
- Additional examinations, treatments or test are required

**Pended Routine Request/Non-urgent:** Request for additional information is made within five (5) days of receipt of the request. Additional information to be submitted within 45 calendar days. A decision will be made within five (5) business days of receipt of the requested information.

**Pended Urgent Request:** Request for additional information is made within 24 hours of receipt of the request. Additional information to be submitted within 48 hours. A decision will be made within 48 hours of the receipt of the information.

**Pended Retroactive/ Post-service Request:** Additional information to be submitted within 45 calendar days. A decision will be made within 15 business days of receipt of the requested information.
**Notification** of all UM decisions are sent to the requesting and requested providers via fax and to the member via mail. Requesting and requested providers can contact the IPA Medical Director by calling the IPA at (707) 443-4563.

Denied and modified authorization notifications are written following ICE standards. Denied and Modified letters include the following items:

- Notification to requesting providers regarding the availability of the Medical Director to discuss the denial/modification decision. Contact information is provided. Communication between requesting provider and physician reviewer may also take place pending the denial decision and/or con-currently.
- Specific reason for the denial which must be easily understood by the member, using layman’s terms and at or below the 8th grade reading level.
- Denial reason is specific to the member’s condition.
- Citation of the source of the criteria used to determine the denial/modification. Sources include benefit provisions, clinical guidelines, clinical policies or protocols.
- Explanation of the appeal process.
  - Time frame for filing an appeal (180 days from the post marked date of denial/modified notice).
  - Member opportunity to submit written comments, documents or other information related to the appeal.
  - Description of both a standard appeal and an expedited appeal.
  - Notification that expedited external review can occur concurrently with the internal appeals process for urgent care and ongoing treatment.
  - Time frame for decision from the organization/health plan based on type of appeal. (30 days for a standard appeal; 72 hours for an expedited appeal.)
- Member right to be represented by anyone they chose, including an attorney.
- Notification of member’s right to contact the DMHC and/or Consumer Assistance Program is also included as well as how to contact these entities. (See denial letter template at the end of this document.)

Pended authorization notifications are written following ICE standards. Pended authorization notification letters include the following items:

- Reasons for pending requests: information was requested but not received; consultation by an expert reviewer is required; or additional examination or tests are required.
- Specific information needed.
- Time frame for submitting the information.
- Expected date of decision.
- Type of expert reviewer required, if applicable.

**Care Management**

During the UM process, a member may be recommended by any IPA staff to receive care management (CM) services. CM activities can improve medical outcomes, provide effective benefit management and increase member and provider satisfaction. CM activities are documented in the member’s CM file. Case Managers also assist high-risk patients who are affected when providers terminate from the Health Plan. See Case Management Policy and Procedure for more detail.
Utilization Management Quality Assurance Activities

The IPA’s quality assurance activities are reported at least quarterly to the QMAC. The following reports are routinely reviewed:

**Inter-rater Reliability Studies** – The IPA conducts inter-rater reliability studies at least quarterly to evaluate consistency in decision-making between both physician and non-physician reviewers.

**Denial Letter Reviews** – The IPA conducts monthly review of denial letters focusing on letter content and format, decision-making consistency and timeliness of decision. One week’s worth of denial letters (approximately 25% of all denied or modified authorizations) will be reviewed monthly by the Chief Executive Officer (COO) for consistency criteria, including but not limited to dispute information, letter criteria, rationale and timeliness of decision and format.

**Adverse Outcome** – The IPA staff investigates and reports all adverse outcomes to the MMC.

**Turnaround Time Reports** – The MMC reviews turnaround time reports and makes recommendations for change as needed.

**Emergency Room Utilization** – The QMAC compares emergency room utilization against standards. Utilization patterns by members and providers are investigated and action plans initiated as needed.

**Bed Days Per 1000 Members** – The QMAC reviews inpatient utilization and compares against standards. High and low bed day rates are investigated and action plans initiated as needed.
Appendix A: Humboldt IPA Authorization Requirements

Authorization requirements and potential benefit issues are available on the IPA’s website at www.humboldtipa.com. PLEASE REFER TO OUR WEBSITE PRIOR TO SUBMITTING AN AUTHORIZATION REQUEST. Search by CPT code or service description. Updates and an Authorization Request form can be found at our website http://humboldtipa.com/ or phone Customer Service (707) 443-4563.

Note: HMO and PPO plans may have different criteria. Please refer to the table below:

HMO Specific Information:
- Primary Care Practitioners may refer immediately without prior authorization for consultation with the following contracted specialists: Allergy and Immunology, Anesthesiology, Blood Banking and Transfusion Medicine, Cardiology, Dermatology, Ear/Nose/Throat, Endocrinology, Gastroenterology, General Surgery, Gynecology, Head & Neck Surgery, Hematology, Hepatology, Hospice, Infectious Disease, Internal Medicine, Nephrology, Neurology, Neurosurgery, OB/GYN, Occupational & Environmental Medicine, Oncology, Ophthalmology, Orthopedic Surgery, Pain Management, Palliative Medicine, Pediatrics, Plastic Surgery, Podiatry, Psychiatry, Pulmonary Disease, Radiation Oncology, Reproductive Endocrinology/Infertility, Rheumatology, Routine Laboratory, Routine X-ray, Sleep Medicine, Thoracic Surgery, Urology and Vascular Surgery.
- All services provided by out of plan (non-contracted) providers require prior authorization.
- All services provided outside of Humboldt or Del Norte County requires prior authorization.

PPO Specific Information: Services provided by out of plan (non-contracted) providers are covered at a reduced benefit level and incur a higher cost to the member.

The following services require prior authorization to receive maximum financial coverage and to avoid any penalties for non-compliance, depending on the specifics of the health plan:

| Urgent Pre-Service                    | Decision must be made in a timely fashion appropriate for the member’s condition not to exceed 72 hours after receipt of the request. | Practitioner: Within 24 hours of the decision, not to exceed 72 hours of receipt of the request (for approvals and denials).  
Member: Within 72 hours of receipt of the request (for approval decisions).  
Document date and time of oral notifications. | Within 72 hours of receipt of the request.  
Note: If oral notification is given within 72 hours of receipt of the request, written or electronic notification must be given no later than 3 calendar days after the initial oral notification. |
| - All necessary information received at time of initial request | Additional clinical information required:  
Notify member and practitioner within 24 hours of receipt of request & provide 48 hours for submission of requested information. | Additional information received or incomplete:  
Practitioner: Within 24 hours of the decision, not to exceed 48 hours after receipt of information (for approvals and denials).  
Member: Within 48 hours after receipt of information (for approval decisions).  
Document date and time of oral notifications. | Additional information received or incomplete  
Within 48 hours after receipt of information.  
Note: If oral notification is given, written or electronic notification must be given no later than 3 calendar days after the initial oral notification. |
| Urgent Pre-Service                    | Additional information not received:  
If no additional information is received within the 48 hours given to the practitioner and member to supply the information, decision must be made with the information that is available within an additional 48 hours.  
Note: Decision must be made in a timely fashion appropriate for the member’s condition not to exceed 48 hours after the deadline for extension has ended. | Additional information not received  
Practitioner: Within 24 hours of the decision, not to exceed 48 hours after the timeframe given to the practitioner & member to supply the information (for approvals & denials).  
Member: Within 48 hours after the timeframe given to the practitioner and member to supply the information (for approval decisions).  
Document date and time of oral notifications. | Additional information not received  
Within 48 hours after the timeframe given to the practitioner & member to supply the information.  
Note: If oral notification is given, written or electronic notification must be given no later than 3 calendar days after the initial oral notification. |
| **Urgent Concurrent**  
- (i.e., inpatient, ongoing/ambulatory services) | **Within 24 hours of receipt of the request.** | **Practitioner:** Within 24 hours of receipt of the request (for approvals and denials).  
**Member:** Within 24 hours of receipt of the request (for approval decisions). | **Within 24 hours of receipt of the request.**  
**Note:** If oral notification is given within 24 hours of request, written or electronic notification must be given no later than 3 calendar days after the oral notification. |
| --- | --- | --- | --- |
| Request involving both urgent care and the extension of a course of treatment beyond the period of time or number of treatments previously approved and the request is made at least 24 hours prior to the expiration of prescribed period of time or number of treatments. | Decision must be made in a timely fashion appropriate for the member’s condition not to exceed 3 business days of receipt of request.  
**NOTE:** Once the determination is made, the referral must be made within 4 business days of the date the proposed treatment plan, if any, is submitted to the plan medical director or designee. | Practitioner and Member: Refer to appropriate service category (urgent, concurrent or non-urgent) for specific notification timeframes. | |
| **Exceptions:**  
- If the request is not made at least 24 hours prior to the expiration of prescribed period of time or number of treatments, and request is urgent, default to **Urgent Pre-service** category.  
- If the request to extend a course of treatment beyond the period of time, or number of treatments previously approved by the Health Plan/PMG/IPA does not involve urgent care, default to **Non-urgent Pre-service** category. | | | |
| **Standing Referrals to Specialists / Specialty Care Centers**  
- All information necessary to make a determination is received | | | |
| **Non-urgent Pre-Service**  
- All necessary information received at time of initial request | Decision must be made in a timely fashion appropriate for the member’s condition not to exceed 5 business days of receipt of request. | Practitioner: Within 24 hours of the decision (for approvals and denials).  
Member: Within 2 business days of the decision (for approval decisions). | Within 2 business days of making the decision. |
| **Non-urgent Pre-Service**  
- Extension Needed  
  - Additional clinical information required  
  - Require consultation by an Expert Reviewer | Additional clinical information required:  
Notify member and practitioner within 5 business days of receipt of request & provide at least 45 calendar days for submission of requested information.  
**Additional information received or incomplete:**  
If additional information is received, complete or not, decision must be made in a timely fashion as appropriate for member’s condition not to exceed 5 business days of receipt of information. | Practitioner: Within 24 hours of the decision (for approvals and denials).  
Member: Within 2 business days of the decision (for approval decisions). | Within 2 business days of making the decision. |
### Additional information not received

If no additional information is received within the 45 calendar days given to the practitioner and member to supply the information, decision must be made with the information that is available in a timely fashion as appropriate for member’s condition not to exceed an additional 5 business days.

### Require consultation by an Expert Reviewer:

Upon the expiration of the 5 business days or as soon as you become aware that you will not meet the 5 business day timeframe, whichever occurs first, notify practitioner and member of the type of expert reviewer required and the anticipated date on which a decision will be rendered.

### Require consultation by an Expert Reviewer:

- **Decision** must be made in a timely fashion as appropriate for the member’s condition within 5 business days of obtaining expert review, not to exceed 15 calendar days from the date of the delay notice to the practitioner and member.

### Require consultation by an Expert Reviewer:

- Practitioner: Within 24 hours of the decision (for approvals and denials).
- Member: Within 2 business days of the decision (for approval decisions).

### Require consultation by an Expert Reviewer:

Within 2 business days of making the decision.

### Post-Service - All necessary information received at time of request (decision and notification is required within 30 calendar days from request)

- Within 30 calendar days of receipt of request.

### Post-Service - Extension Needed

- Additional clinical information required
- Require consultation by an Expert Reviewer

- Additional clinical information required:
  - Notify member and practitioner within 30 calendar days of receipt of request & provide at least 45 calendar days for submission of requested information.

### Additional information received or incomplete

- If additional information is received, complete or not, decision must be made within 15 calendar days of receipt of information.

### Additional information received or incomplete

- Practitioner: Within 15 calendar days of receipt of information (for approvals).
- Member: Within 15 calendar days of receipt of information (for approvals).

### Additional information received or incomplete

Within 15 calendar days of receipt of information.

Appendix C: Humboldt IPA Approved Resources
Reviewed November, 2014

All medical management decisions are evidenced-based using “Approved Resources”. Every month, the Medical Management Committee (MMC) reviews the new and revised policies of Anthem Blue Cross and Blue Shield of California HMO plans. The MMC will adopt and implement changes to said policies. The information resources for decision-making of the Medical Management staff include:

- Medical Policies from Anthem and Blue Shield
- Clinical Guidelines adopted for the state of California by the HMO health plans
- Imaging guidelines published by NIA (National Imaging Associates, Inc. – Blue Shield and self-funded plans), and AIM (American Imaging Management – Anthem Blue Cross)
- IPA policies
- MCG (formerly known as Milliman Care Guidelines)
- Evidence based clinical literature
- Member plan benefit statements
- Clinical consultation with appropriate physicians

Additional approved resources include:
- American College of Radiology: Appropriateness Criteria
- Clinical Evidence, BMJ
- Cochrane Library (on-line)
- Complete Global Service Data-Ortho Surgery, AAOS
- Current Procedural Terminology Assistant, AMA
- Diagnostic & Statistical Manual of Mental Health Disorders (DSM-IV,) APA
- Durable Medical Equipment Billing Guide
- Epocrates
- Healthcare Common Procedure Coding System (HCPCS), AMA
- Humboldt Breast Medicine Project Website, algorithms
- Institute for Clinical Systems Measurement (ICSI)
- International Classification of Diseases, Physician (ICD-9 CM), AMA
- Medicare RBRVS, AMA
- National Institute for Health (NIH)
- National Osteoporosis Foundation
- National Quality Measure Clearinghouse - AHRQ
- Part B News, Centers for Medicare and Medicaid Services
- U.S. Preventative Health Services Taskforce (on-line)
- UpToDate (on-line subscription)
- Virtual Examiner (national correct coding guidelines)
- Websites of specialty organizations (e.g., ACOG)

- Approved authorizations are effective from the date they are received and expire three (3) months from the effective date and are based on the member’s eligibility at the time the authorization is reviewed. Providers must verify member eligibility within 5 days of the date of service to ensure coverage.
- Claims for services rendered without required prior authorization may be denied reimbursement. Claims for the above services must be submitted for the same service, CPT code and provider group (tax id #) as those approved or documentation must be submitted to explain the medical necessity of alternative and/or additional services.
- The requesting physician or the member may submit authorization appeals to the IPA Medical Management Department.
- This is confidential and privileged information protected by California Civil Code § 43.97, Health & Safety Code §1370, and California Evidence Code §1157

Health Plan#:  Authorization #:

Dear [Member Name]:

The requesting provider/physician has asked for the above referenced service. The service requested is being [insert one: modified, or delayed in delivery, or denied] by the Humboldt IPA because there is [insert only one: lack of medical necessity or no covered benefit or lack of eligibility.] This decision was based on your [insert only one: medical information or evidence of coverage or plan eligibility.]

Insert a clear and concise explanation of the reasons for the decision. [Medical necessity denials: Insert description of the criteria or guidelines used to support the action and the clinical reasons in relation to member’s health condition. Conditions of coverage or benefit denials should include a specific reference contained within the EOC/federal brochure, if possible. Eligibility denials should provide information specific to requested service or coverage. Post-service (retro) denials should refer the member to the EOB for claim amounts.] Insert any alternative recommended treatment or service.

You may obtain a free of charge copy of the actual benefit provision, guideline, protocol or other similar criterion on which the denial decision was based, upon request, by calling the Humboldt IPA at (707) 443-4563 ext. 54. You may contact your provider for detailed information about your diagnosis or treatment. This could include the detailed codes and their meanings.

[Insert in Member letter: The requesting provider/physician has been advised of this denial and given the opportunity to discuss this determination with Humboldt IPA physician reviewer.]

[Insert in Provider letter: If the treating physician would like to discuss this case with the physician or health care professional reviewer or obtain a copy of the criteria used to make this decision, please call Dr. Mary Meengs at (707) 443-4563 ext. 43.]
How to Dispute This Determination*

If you believe that this determination is not correct, you have the right to appeal the decision by filing a grievance with your health plan. Your health plan requests that you submit your grievance within 180 days from the postmark date of this notice. You, your provider, or an attorney or representative on your behalf may submit your grievance verbally or in writing. You may call your health plan to learn how to name your authorized representative.

There are two types of grievances: standard and expedited.

IV. Standard Grievance Process
A standard grievance will be resolved within 30 calendar days. Your health plan will notify you in writing of the decision within 30 calendar days of receiving your grievance.

Expedited/72 hour Grievance Process
You have the right to an expedited decision when the standard decision-making process might pose an imminent and serious threat to your health, including, but not limited to, severe pain, or potential loss of life, limb, or major bodily function. Your health plan will evaluate your request and health condition to determine if it qualifies for an expedited decision, which will be processed as soon as possible to accommodate your condition, not to exceed 72 hours. To request an expedited decision, you or your physician on your behalf can call or write your health plan as listed at the end of this letter. Specifically state that you want an expedited decision, and that waiting for the standard process might seriously jeopardize your health. Expedited external review can occur concurrently with the internal appeals process for urgent care and ongoing treatment.

Submitting Your Grievance
Please submit a copy of your denial notice and a brief explanation of your situation, or other relevant information to your health plan. Your health plan will document and process your standard or expedited grievance and provide you with written notification of the decision. You may write, call or fax your grievance to your health plan. Health plan address, telephone and FAX number is listed at the end of this letter.

Department of Managed Health Care Complaint Process
The California Department of Managed Health Care (DMHC) is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at (800) 424-6521 or TTY/TDD line (800) 241-1823 and use your health plan’s grievance process before contacting the DMHC. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the DMHC for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature, and payment disputes for emergency or urgent medical services. The DMHC also has a toll-free telephone number (888) HMO-2219 and a TTY line (877) 688-9891 for the hearing and speech-impaired. The DMHC’s website www.hmohelp.ca.gov has complaint forms, IMR application forms, and instructions online.

Independent Medical Review through the DMHC — voluntary appeal procedure
Members have the right to request an IMR through the DMHC, as indicated in the above paragraph. Members may apply for an IMR if A) the member’s provider has recommended a healthcare service as
If your employer’s health plan is governed by the Employee Retirement Income Security Act (ERISA), you may have the right to bring a civil action under Section 502(a) of the ERISA if all required reviews of your claim appeal have been completed and your claim has not been approved. Additionally, you and your health plan may have other voluntary alternative dispute resolution options, such as mediation.

You are entitled to, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim for benefits.

**Employee Retirement Income Security Act (ERISA) notification**

If your employer’s health plan is governed by the Employee Retirement Income Security Act (ERISA), you may have the right to bring a civil action under Section 502(a) of the ERISA if all required reviews of your claim appeal have been completed and your claim has not been approved. Additionally, you and your health plan may have other voluntary alternative dispute resolution options, such as mediation.

You are entitled to, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim for benefits.

**Other resources to help you:** Do you have questions about your appeal rights or this notice? Need help with an appeal? You can get help from the Consumer Assistance Program (CAP) in California.

California Department of Managed Health Care Help Center
Toll Free: 1-888-466-2219  TDD/TTY 1-877-688-9891
http://www.healthhelp.ca.gov

**Federal Employee Health Benefit Program (FEHBP) members:** The preceding appeals information does not apply to participants of the FEHBP. If you are covered by the FEHBP, please refer to Section 8, *The Disputed Claims Process*, of your Federal Brochure, which explains the FEHBP appeals process.

Sincerely,

Humboldt IPA

Member ID#: Requesting Provider:
Health Plan: Authorization #:

Dear Member:

This correspondence is in response to your request or your physician’s request received on [date] for the above referenced service. In some instances the Humboldt Independent Practice Association needs additional time in order to obtain all the necessary information to render a determination. This is not a DENIAL. Your request is pended for the following reasons:

Information received to date is insufficient to render a determination.

In the case of your request, the following extension is required:

We are requesting the additional information listed below be submitted within 45 calendar days. A decision will be made within 5 business days of receipt of the requested information. The physician reviewer is unable to make a determination on the service request based on available information. If we do not obtain additional information by this deadline, we may have to issue a denial. Your physician can re-submit the request for authorization at a later date.

Specifically, we are requesting the following information from [provider/physician]:

We are requesting more information about your condition from your doctor. There is nothing that you, the patient, need to do during this time.

Thank you for your patience during this process. Please contact the Humboldt IPA if you have any questions or information.

(phone) 707-443-4563
(fax) 707-442-2047

Sincerely,

Humboldt IPA
